Looks like everyone is going to start using the single SSID. Not clear on the impacts but We will need to ensure our reports and analysis ID's the AH.

Hi,

We just had a discussion with our DRA on this guidance. We are going to adhere to the guidance sent out by HQs. So, we will be only using the one SSID for this response which is A8K9RV00.

Unfortunately, I will not be able to be on the 6:00 call tonight.

Thanks.

Attached please find the instruction/guidance on how to ensure proper charging and tracking of payroll, contracts, and travel resources associated with the response to the Gold King Mine Release. While this may only currently affect some of you, I felt it would be prudent to share with all of you as some of your regional staff may be traveling to assist.

Please share with others as appropriate.

Thank you.
